Professional Summary

Senior Full Stack Developer with **12+ years** of experience designing and scaling high-performance web applications. Expert in **JS, Angular, React, Node.js, Java and Python**, with a proven track record of delivering mission-critical solutions for industry giants including **events.com, Cisco, and Lucid Motors**. Specialized in migrating large-scale datasets (2TB+), optimizing API architecture, and driving Agile adoption to increase team productivity by 30%.

Technical Skills

Languages & Frameworks: Node.js, React, Angular, Ionic, PHP (Laravel), Python, HTML5, CSS3

Databases: MySQL, MongoDB, SQL, PostgreSQL

Cloud & DevOps: AWS (EC2, S3, RDS), Docker, Git, Jenkins, CI/CD

Architecture: Microservices, RESTful APIs, Serverless Architecture

Platforms: WordPress, Shopify

Professional Experience

Senior Full Stack Developer (Contract / Professional Services)

June 2021 – Present

Clients: *events.com, Cisco, Lucid Motors, Upped Events*

Remote / Mohali, India

events.com / Upped Events: Architected a comprehensive event management software solution facilitating ticket sales, staff management, and operations for large-scale event organizers.

Cisco: Spearheaded the development of the award-winning “Master Boot Record (MBR)” application, utilized by thousands of global users for critical team operations.

Lucid Motors: Engineered a multi-country Point of Sale (POS) system using **Ionic, Node.js, and React** to manage in-store car and accessory sales, ensuring seamless payment integration.

Canada Survey Migration: Managed the seamless migration of Canada’s largest survey platform (**2 TB of data**) from SQL to a modernized, indexed MySQL database on AWS.

Motoview: Developed a car listing platform using **Angular and Laravel**, implementing the Iceberg API for real-time vehicle data fetching.

Technical Lead

June 2018 – May 2021

Illuminz

Mohali, Punjab

Led a team of technical developers in building scalable applications, conducting weekly code reviews, and ensuring timely delivery of milestones.

Agile Leadership: Championed the adoption of Agile methodologies, resulting in a **30% increase in team productivity** within six months.

Served as the primary technical point of contact for clients, translating feedback into actionable development tasks.

Senior Software Developer

Oct 2013 – May 2018

Webclouds

Mohali, Punjab

Collaborated with sales and leadership to define project direction and timelines for a diverse portfolio of medium-to-large scale applications, ensuring technical feasibility.

Successfully built and maintained diverse customer-facing applications across multiple programming languages.

Managed User Acceptance Testing (UAT) and implementation phases to ensure zero-defect delivery.

Education

Bachelor of Science in IT (BSc IT)

2014 – 2016

Kalinga University

Raipur, India

Diploma in IT (DIT)

2012 – 2013

Punjab Infotech

Mohali, Punjab
